

YES ON 87: MAKE OIL COMPANIES PAY THEIR FAIR SHARE – FOR CLEANER ENERGY.

Had enough of oil companies charging outrageous prices and making obscene profits?

Had enough polluted air, asthma, lung disease and cancer?

Had enough of oil companies funding opposition to Cleaner, Cheaper Energy?

Enough is enough.

It's time to make oil companies pay their fair share so we can use cheaper alternative fuels and reduce air pollution that causes lung disease and cancer.

VOTING YES ON PROPOSITION 87 WILL MAKE OIL COMPANIES PAY THEIR FAIR SHARE.

In Louisiana, Alaska and even Texas, oil companies pay billions in oil drilling fees, but they pay almost nothing in California. California takes in more revenue from *hunting and fishing licenses* than it does from oil drilling fees.

Under Prop 87, the oil companies will finally pay us the same level of fees they pay in other states.

They can afford it. The oil companies opposing this initiative made \$78 billion in profits last year. Their profits are so high that EXXON gave its CEO Lee Raymond a \$400 million retirement payout.

Enough is enough.

PROP 87: NO COST TO CONSUMERS. OIL COMPANIES PAY.

California's Attorney General has confirmed that Prop 87 makes it illegal for oil companies to raise gas prices to pass along the cost to us.

If they do, they'll break the law and could be prosecuted.

The U.S. Supreme Court has already ruled that states can prohibit oil companies from passing fees like this on to consumers. Just look at the other states that have oil drilling fees. They all pay less for gas than California.

ORDERED CHANGES

That's why oil companies are spending millions to defeat Prop 87: because they know it's illegal to pass the cost on to us.

PROP 87: CLEANER ENERGY AND CLEANER AIR

Prop 87 makes oil companies pay for cleaner energy.

It provides for cash rebates to consumers who buy cleaner, alternative fuel vehicles and incentives for more renewable energy like solar and wind power.

It will create thousands of new jobs and economic growth.

It will reduce our dependence on oil from Saudi Arabia and Iraq – which provide 47% of California's imported oil.

Voting YES on Prop 87 will reduce air pollution in California.

Pollution from cars and trucks is making us sick. Every year, cars put tons of lung-damaging smog and soot into the air that send children to the hospital and cause asthma attacks.

That's why the Coalition for Clean Air and California
doctors and nurses ALL SUPPORT Proposition 87.

PROP 87: NO NEW BUREAUCRACY

Prop 87 uses an existing state agency and requires strict
enforcement and accountability through independent audits,
public hearings and annual progress reports.

Nobel-prize winning scientists, California environmental
and consumer groups, educators, labor and agriculture
groups all agree. It's time we take control of our future.

For Cleaner Air – For Alternative Energy Choices – For
Less Dependence on Foreign Oil... Finally, Fairness.

MAKE OIL COMPANIES PAY THEIR FAIR SHARE.

VOTE YES ON 87.

FOR CLEANER ENERGY.
